

What do you wear?

- 1 Each season, we have the same problem: what to keep, what to throw away, and what
2 to buy. I look in my closet and I find old jeans, denim jackets, T-shirts, and cargo shorts
3 that I will never wear again.
- 4 What are the trends for this season? Denim is my favorite for casual wear. Look for
5 women's jeans and men's jeans that have geometric designs. Black jeans are also back,
6 they have a very sleek look.
- 7 Now, what about tops? Solid colors are in fashion this season. Look for T-shirts in a
8 variety of styles, from tank tops to polos to simple round-neck tees. Designer logos are
9 popular too. If you want to make an impact, do a search on the internet for new
10 designers. You'll find cheaper clothes and they will look very fashionable.
- 11 Following fashions can be good but you also want to be different. Remember, you
12 make the clothes, the clothes don't make you. Here are five tips to help you:
- 13 1. Accessorize – Your accessories can complement you. But not too many, choose
14 accessories that are special and that make you happy.
- 15 2. Attitude is everything – Wear your clothes with confidence. No matter what you
16 wear – even a pair of jeans and a T-shirt – hold your head high and own it.
- 17 3. Don't Forget the Shoes – The wrong shoes can ruin your look. Make sure your shoes
18 are in sync with the style of your clothes.
- 19 4. Have Fun – Don't always follow the trend. Have fun and don't worry too much about
20 every little thing. Experiment. Be crazy.
- 21 5. Share the happiness – Remember your old clothes? Give them to charity. Your
22 unwanted clothes could make someone very happy.
